🎵 Online Make UP Classes

Online lessons can help if your child is sick but can still take a lesson. Or you have a last minute issue that keeps you at home.

- Taking a lesson during your regular time slot does NOT count as a make up time.
- *You need to let me know ahead of time that you wish to take your lesson online.*
- We need to review your set up ahead of time.

I will have a run through with anyone interested on Friday September 26th.

What equipment do I need to set myself up for online lessons?

- An appropriate instrument.
- Good lighting for your instrument.
- A camera.
- A microphone.
- Headphones, to reduce echo. Optional
- A high-speed internet connection.

A computer capable of handling everything just mentioned and running Skype.

Some webcams include a microphone. So do some headphones. Some computers include a camera and/or microphone. Please use a quality camera — it can make a night-and-day difference in your experience.

- students who are minors are required to have a parent or guardian's presence at video lessons. This can be accommodated by setting up another seat nearby.
